

# Catholic Schools

Learn. Serve. Lead. Succeed.

A central aspect of Catholic education is learning the importance of service to others. When students take part in service activities, they demonstrate the values and faith gained through Catholic education here at Bishop Marshall School. In that spirit, we also have included:

Food Collection – Upper School vs. Lower School - a friendly competition with helping others in mind

“Feeding Local Families” – a classroom activity to share with our community

Decorating doorways & bulletin boards – school spirit brings us together to celebrate our school
