

Dear parents and students,

Bonjour! My name is Stephanie Wicks and I am excited for another great year teaching French! This will be my eighth year as a French teacher at BJAMS and I'm very much looking forward to working with all of you, whether again or for the first time. We're going to have an exciting year in French class learning a variety of themes.

In the lower school, students learn topics including colors, numbers, and seasonal vocabulary. In the upper school, we will continue our study of French with vocabulary related to ordering at a restaurant, school life, and exploring around a city. Students will practice their increasing fluency levels through conversation practice, games and skits. Students will reinforce the content they learn through creative projects such as designing a café menu or building their own town.

French homework is assigned in grades four through eight and is posted every week on FACTS. My website is <https://sites.google.com/a/bjams.org/madame-wicks/>, and you may contact me via email at swicks@bjams.org or by phone at 888-4758 ext. 238. Please feel free to reach out to me throughout the year with any questions or concerns.

Merci beaucoup!

Stephanie Wicks
